Dear Chris,

We at the ALS Society of Canada would like to thank you for your generous contribution to the work of our organization.

Funding research for a cure for ALS is the central mission of the ALS Society of Canada. We work toward that goal every day. Developing new research partnerships, funding additional excellent and relevant research, cultivating our relationship with the ALS research community and encouraging a new generation of scientists to work for a cure are important areas that we will be focusing on the year ahead.

Your contributions truly make a difference. With your ongoing support, we can continue to fund research to give hope, support our provincial partners to serve the immediate needs of people with ALS, and provide information to publicize awareness of this devastating disease.

Thank you once again – we are sincerely grateful for your support.

Below is your official tax receipt.

Kind regards,

David S. Cameron
