THANK YOU!

On behalf of the Peachland Elementary Parent Advisory Council Carnival Committee, we would like to extend our sincere appreciation for the time and effort you put into making our 6<sup>th</sup> Annual Family Carnival on May 1<sup>st</sup> a huge success! The event was tremendously popular and it would not have been possible without the help of many volunteers.

This year our Carnival raised over \$4,200.00, which will directly benefit each and every student attending Peachland Elementary School. With hundreds of children and parents enjoying three hours of superb entertainment, because of your contribution.

We thank you again for your support and we are already looking forward to an equally successful event next year. Hope to see you there!

With sincere thanks,

PAC Carnival Committee
